Shorts About Service Men

What the Boys are Doing Here and There

LIBERAL, Kan., August 26.—Promotion of Warrant Officer (j.g.) Monroe L. Paschini of Truckee, Calif. to the rank of Chief Warrant Officer was announced today by Col. A. L. Bump, commanding officer of the Liberal, Kansas, Army Air Field, where Warrant Officer Paschini is engineering officer of the 63rd Maintenance Squadron.A regular army soldier, Paschini has been stationed in the Philippine Islands and at Randolph and Ft. Worth Army Air Field in Texas and at Bolling Field, Washington, D.C.

Seabee Leo Cardinal dropped in last week for a few days leave from duty to visit Mrs. Cardinal and his many local friends. Leo has been in Virginia for his basic training but is now on the west coast to complete his education in the Seabees.

Another sailor, Pharmicist's Mate Second Class Ange Besio, who has been stationed in Florida, arrived this week with Mrs. Besio to enjoy a few days with their families before reporting to Treasure Island and a possible subsequent assignment to sea duty.

Jack Tolles, formerly of Truckee and San Francisco is now in Texas as a mechanic in the air corps and hopes, according to his uncle, Carl Smith, that he will see foreign service as soon as a broken hand heals.

Roy Waters has been added to the list of local men seeing the world from an APO, and his brother Sgt. E. R. Waters is now located in Georgia.

Word comes that Erle Martin, former prominent Hobart Mills and Truckee man, is now a corporal in the marines and is located at the depot of supplies in San Franicsco. Mrs. Martin and their twin daughters are in Sacramento while Erle is in the service.

Bud Zorich writes home that he is getting a lot of outdoor life—"I like, I think" and like the rest of the boys out there and here, he wants the Sierra Sun in order to catch up with the news from home.

And, another letter this week from our old friend, Pvt. Harry Digesti, who is learing infantry maneuvers at Camp Roberts. "We are getting along very nicely in our training here," Harry writes. "The only thing that bothers us is the heat. Since I've been here it hasn't failed to hit 126 degrees. As far as you can see there is nothing but small hills with wild oats growing. It is so dry there are cracks in the ground as wide as six inches and go down as far as ten feet. To make things worse they have extended our training to 17 weeks. Before that, you know, it was 14 weeks." Harry had a pass last week and went to Albany to visit relatives and met his father and mother there and sure enjoyed it. "I never had a day pass so fast," he wrote.

From Bob Bowers up at Gowen Field in Boise, we received this week a copy of the Gowen Field Beacon, the camp newspaper, which we enjoyed scanning but regret that some of the boys are not too pleased with our old home town. Bob is teaching celestial training to recruits, or was in his last letter. Since he has been joined by Mrs. Bowers, his correspondence has taken a nose dive.

As predicted last week, Orlan Waters has returned home and we have rumors of a prospective bride. Orlan was one of the limited service boys to get his discharge recently.

Major Colin Campbell has completed his schooling in Maryland and is expected to return to the west soon, he writes his mother.

Pfc Geno Giovannoni is now stationed in an air corps technical school at Lincoln, Nebraska, having completed his basic training on the west coast.

PACKAGES TO BOYS FOR CHRISTMAS TO BE MAILED SOON

Mrs. E. C. Bavier announces receipt of a press release from the post office department stating that Christmas gifts may be mailed by parecl post to army men and women overseas only between September 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ask for a Christmas gift; so gifts must be mailed on time. The navy also urges that gifts be mailed between September 15 and October 15.

The only way to insure against disappointment for the fighting men is to buy at once and mail early.

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas Parcel" so it may be given special attention to assure its arrival before December 25.

Perishable goods, such as friuts that may spoil, are prohibited. Also prohibited are intoxicants, inflammable materials or anything that may damage other mail.

SALE OF TAVERN IN HANDS OF COURT

While no definite report can be made regarding the private sale of the Sierra Tavern and Telephone Building properties in San Francisco last week, it is understood that the matter of the sale now rests in the hands of the court and as soon as official approval has been secured details will be announced, according to Marietta Meagher, administratrix of the estate of her late sister, Mrs. Lillian O'Hanrahan.

TAHOE RANGERS MEET

TAHOE CITY, Aug. 26.— Members of the Tahoe Rangers met Tuesday night at the community hall. C. W. Vernon presided at the session.

LOCAL COUPLE TO OBSERVE 61ST YEAR OF MARRIAGE MON.

Heartiest congratulations from the entire community will be extended Monday, August 30, to Mr. and Mrs. Frank S. Powell who on that date will observe their 61st wedding anniversary. Both are in fair health and are active in civic and fraternal affairs and have well-earned the high esteem in which they are held by their scores of friends.

MISS IDA STEWART MARRIED IN RENO TO ARMY SERGEANT

Miss Ida Stewart, daughter of Mrs. Hannah Stewart of Truckee, Tuesday evening became the bride of Staff Sergeant John Gracik of Michigan, stationed at Fort Sumner, New Mexico, who is spending his leave here.

Last summer Sergeant Gracik, a member of the Army Air Corps, was at Hobart Mills with the soldiers from Mather Field and it was then the friendship developed.

Miss Stewart graduated from the Truckee High School and attended Mount Saint Mary's School at Grass Valley. For some time she has been assistant postmaster here and is one of the most popular young women of the community.

At the simple wedding ceremony in Reno, the bride's brother in law and sister, Mr. and Mrs. Louis Cavallo of that city were the attendants.

Future plans were not revealed.

TRAVELER SPEAKS AT ROTARY MEET

"Highlights from Many Lands," was the topic of the talk made befor the Rotary Club Monday night by Rev. Dominic Jones, who has traveled abroad for 16 months and visited all the principal cities and other places of interest in Asia, Africa, and Europe. He gave a most interesting talk which was enjoyed by all. There were 14 present. Visiting Rotarians were Rev. Jones of Palo Alto, O. A.Fox and Dr. Bill Miller of Auburn, E. H. Zebal of Woodland, H. C. Ross of San Mateo, Noel Porter of Sacramento, Ed White, J. S. Conklin, J. W. Nash, A. T. Lombardi of Loyalton and J. Trotter of Walnut Creek. F. Baldwin was a guest. Stan Martin was the program chairman and Dee Bowen presided.

GARDEN SHOW IS BIG HIT AS MANY VARITIES SHOWN

The garden show sponsored by the women of the Wyethia Club last Thursday proved beyond doubt that Truckee can be a garden spot if the proper attention is given.

The displays were excellent, with everything from strawberries, celery, asparagus, potatoes, lettuce, beans and many other varieties of vegetables doing justice to real farming communities. The flowers, too, drew many favorable comments both from a standpoint of beauty and artistic arrangement.

During the afternoon, tea was served by the energetic members who arranged the first garden show that has ever been held here.

FORMER RESIDENTS OF TRUCKEE FETED

Mr. and Mrs. H. B. Van Cleave, former residents of Truckee where they were widely and favorably known, were honored Sunday at Roseville by the Poinsettia Division No. 286, auxiliary of the Order of Railway Conductors on the occasion of their 59th wedding anniversary to be observed September 3.

The dinner was also in the nature of a farewell as the Van Cleaves are moving to San Francisco to establish their home with their son and daughter in law, Mr. and Mrs. Frank Hughes.

He is 79 years of age and she is 75. Van Cleave has retired as a conductor for the Southern Pacific.

My Place In The Sun

By CORP. DOUG BARRETT

(Excerpts from letters from some where in the Alaska Theater).

Just received word of the Lion's picnic. Must have been quite a wingding. My mouth literally watered at the mere mention of watermelon. Such a delicacy is just not thought of in these parts. It is a little hard to realize that people are actually eating such stuff while we don't even get to see any. But then I guess dehydrated watermelon would be quite a mess.

From what I gather from all points Chums Waters and Zorich are about to join the 20 per cent Club. Why the 20 per ecnt, you say? Then quite brightly I answer: When a man joins the army and goes overseas he is entitled to and receives an increase in pay amounting to 20 per cent of his base pay. Simple?

On the Donner Centennial program. I have been hatching ideas left and right. You know I had hoped to be home to turn out a Diamond Jubilee edition of the Sun on its 75th birthday. More pressing buisness came up and I was unable to make it. However, I hope to be home in time for this other business.

Between the last and this paragraph four hours has intervened. A busy four hours it was and the next couple look equally promising so I fear I must close this now in order to get into the censor's hands.

FBI OFFICIAL HERE TO ADDRESS LIONS

In one of the most interesting and educational talks which have ever been presented in Truckee, Special Investigator Thomas Ferguson, in charge of the Sacramento office of the Federal Bureau of Investigation Monday night addressed the Lions Club.

The speaker confined his remarks chiefly to the Japanese problem and neither censored nor upheld the action of the government in controlling them, but rather told some interesting and revealing facts, one being that in the history of the war there have been no known acts of Japanese sabotage.

N. F. Dolley presided and provided the speaker. Guests included Sailors Robert Leamon, Angelo Besio and Leo Cardinal, all home on leave and State Patrolman Robert Fowler.

Newspaper Man Here—

Harry Butler, San Mateo newspaper man, was in Truckee last week en route home from Carson City where he may enter business.

Visting Mother—

Mr. and Mrs. Dick Ramsey and daughter of Alameda returned from a month's visit with relatives in Wisconsin and are spending a week here with Mrs. Ramseys mother, Mrs. Della Burlingham.

In Chico—

Mrs. W. F. Wilkie will spend the weekend with her daughter, Mrs. Victor Strain and family in Chico.

In Hospital—

Harry Oliver is in San Franicsco for a few days this week receiving further treatment at the Southern Pacific hospital, although he is improving steadily.

Patrol Captain Here—

Captain Charles LaPorte of Roseville visited officially in Truckee this week.

Interest Centers On Election To Be Held Tuesday

Voting In District To Be Held Next Tuesday From 7 to 7

Local interest this week is centered on the three-cornered congressional race to be decided Tuesday at the special election when one of three candidates will be named to replace the late Harry L. Englebright as representative from the Second California District.

Two republicans, Mrs. Grace Englebright of Nevada City, widow of the late representative, and Jesse M. Mayo, state senator from Calaveras County, and one democrat, Clair Engle, state senator from Redding, comprise the list of candidates.

All three candidates have had some experience in lawmaking, although Mrs. Englebright never held public office. She worked with her husband during his 25 years in Washington and is thoroughly familiar with the requirements of a representative. Mayo served in the state assembly, representing ten of the 18 counties in the district he hopes to serve in congress and for four years has represented Mariposa, Calaveras and Toulumne counties in the state senate. Engle has served his section of the state in the senate and has won some fine endorsements from the stockmen of the state.

The polls will be open from 7 a.m. to 7 p.m. Tuesday.

At Truckee Precinct No. 1 in the grammar school, Frank Kearney, Laura Gaiennie, Cora Maxsom and Harold Laity will comprise the election board.

Bert Weeden, Lucille Bick, Winnifred Kamp and Hannah Stewart will officiate at No. 2 Precinct in the Masonic Hall.

At Soda Springs, the polling place will be at Beacon Hill Lodge and the board will consist of Dennis Jones, Mrs. Martin Johnson, W. E. Sanders and Erick G. Gram.

The elected candidate will serve only for the unexpired 16 months of the late representative's term in congress.

WATER SYSTEM SALE REPORTED COMPLETE

With the exception of one or two minor legal details, the sale ofthe McGlashan Water System to the Truckee Public Utility District for the sum of $15,000 has been completed, Manager C. Edmunds reports.

The system was taken over by the utility district on August 1 and water bills in that system hereafter will be payable to the district.

One or two matters involving the quieting of titles remains unfinished, Edmunds said, but money is being held up pending final settlement of these trivial details.

SERVICE TIME NO BAR TO ENGINEERS

SAN FRANCISCO, Aug. 26.—(UP)-Attorney General Robert W. Kenny declared invalid state law providing that steam locomotive engineers may not be employed by railroads in California unless they have had three years experience as fireman and one as an engineer.

Kenny said fitness for the job could not be determined by years of experience alone.

.: Sun :. Beams

by WALTER M. BARRETT

Everyone who has the interest of their district and nation at heart should avail themselves of the rare privilege of voting next Tuesday at the special election for a representative to congress. No doubt all voters are fairly well acquainted with the aims of the three candidates and have decided for whom they will cast their ballot. And we have no intention of attempting to change your minds or to influence your vote. The one fine thing about our form of government is that we can go to the polls and cast our vote following the dictates of our best judgment and do it privately. But if we are to be able to continue that desirable method of choosing our representatives, then we must continue to vote so the majority, right or wrong, will govern.

Game violations, in spite of the excellent work of our warden, Bill LaMarr, are continuing in this area and one brave hunter, bolder than is the custom for this type of sportsman, takes the prize when he shot and killed a spiked buck a quarter of a mile from Truckee, dressed it on the spot and carted away the meat. All this in broad daylight, we are informed. The job of stopping these illegal practices is too great for any one man or group of men. It must be stopped by public cooperation and the sooner it is stopped the sooner this area will find that its greatest asset is being salvaged. Illegal hunters and fishermen never have an interest in the district where they violate the law, but those who do have an interest must see to it that our fish and game are protected out of season or seasons soon will mean nothing.

It is always a bit saddening at this season of the year to hear that this and that resort is closing for the winter. We who live here the year around know that our most beautiful season is only approaching and the thousands of summer visitors leave on the eve of the famous Sierra Autumns.

WYETHIA PARTY TO BE HELD SATURDAY

Mrs. M. C. Hayes, chairman of the Wyethia Women's Club committee arranging the hard-time, old-fashioned party for Saturday evening, says that preparations are being made for a program of fun for the club members and their invited guests.

Mrs. J. R. Wolert and Mrs. H. G. Loehr will provide music for the dancing and other attractions will be presented during intermissions. Prizes for costumes and dancing will be given. Mrs. T. T. Buell is president of the club.

PORTERS ENTERTAIN AT TAHOE HOME

TAHOE CITY, Aug. 26.— The Lake Tahoe home of Bishop and Mrs. Noel Porter has been the scene of a number of family gatherings.

Mr. and Mrs. Noel E. Porter were guests there for several days after coming from their home at Berkeley.

Rev. and Mrs. Cedric Porter with their sons were guests as was Mrs. Herman Rauh (Beverly Noel Porter). Mrs. Rauh of Sacramento has gone to join her husband who will graduate from officers training school this month at Fort Riley, Kansas.

School To Open Here September 7; New Teachers

High School Still Seeking Fourth Teacher For Coming Term

Vacations for Truckee school children are rapidly drawing to a close and on Tuesday, September 7 they will trek back to their classes and another siege with the three R's.

Mrs. Dan Smith, clerk of the board of trustees of the elementary school, announced this week that W. W. MacEuan of Sacramento has been engaged to teach the intermediate grades and Mrs. Evelyn Bennetts of Boca will teach the primary children for the coming fall term. P. R. Nelson, principal, will complete the teaching staff.

C. B. White, clerk of the high school board, said that they hope to have a teacher to replace Miss Anna Munro, who did not renew her concontract last fall. Miss Marion Lothrop John Brandlin and Principal G. E. Hofmann have all been reengaged for the approaching school year.

DOROTHY BARRETT TO BECOME BRIDE OF ROBERT LEAMON

On Saturday afternoon in the chapel of the Tahoe Episcopal Church, Miss Dorothy Barrett will become the bride of Robert George Leamon in a double ring ceremony. The rites will be performed by Bishop Noel Porter of the Sacramento Diocese in the presence of members of the immediate families.

Miss Barrett will be given in marriage by her father and Miss Roberta Clement, a cousin from Modesto, will act as bride's maid and James Leamon will attend his brother as best man.

The bride-elect is the daughter of Mr. and Mrs. Walter M. Barrett and graduated from Woodland and Truckee schools before attending the University of Nevada where she was a member of Alpha Epsilon Delta, pre-medical organization, and was associated with the Tri Delta sorority. She has been employed at Loynd's Truckee Drug and until recently was on the personnel staff of the social welfare department for the state.

Leamon, son of Mrs. Harold T. Langille of Truckee and J. R. Leamon of Seattle, recently returned from the South Pacific area where he engaged in five major engagements with the Japs as signalman second class. Among these battles was the famous Kula Gulf encounter from which he was rescued after his ship the cruiser, U.U.S. Helena, was torpedoed and sunk in the heroic battle. He attended Truckee and Seattle schools and when he enlisted before Pearl Harbor, was employed by his step father, owner of the Rotary Oil and Burner Company.

Following a wedding trip of unrevealed destination, the bridegroom will attend a sub-chaser school at Miami, Florida, and the future Mrs. Leamon plans to make Truckee her home until the close of the war.

The day has a double significance for Miss Barrett as it also marks her birthdate.

TAX EXPERT WILL BE HERE MONDAY

Deputy collectors of internal revenue will assist persons required to file estimated federal income tax returns before September 15th, Collector of Internal Revenue Harold A. Berliner announced this week.

All persons with income tax problems were advised by the collector to visit the field deputies and obtain information relative to their particular difficulties.

All deputies stationed in the various districts will have a supply of income tax forms.

A field deputy will be at the Hotel Riverside in Truckee Monday, August 30 to assist local people in their problems.

MORE COOKERS FOR TRUCKEE ASSURED

Mrs. T. T. Buell received a letter from the United States Department of Agriculture at Grass Valely this morning announcing that the quota for pressure cookers for this district has been increased and anyone wanting to make application for one may write the Nevada County U.S.D.A. War Board at Grass Valley within two weeks from August 25.

I'll remain
FAITHFULLY YOURS
if you use me right
Your electric water heater is built to give you many, many years of carefree service. It will, however, last longer if not abused.
One abuse of an electric water heater is raising water temperature higher than 140° F. For general household use the thermostat on the water heater should be set between 120° F and 140° F; 130° F is usually satisfactory.
Excessive water temperature is a cause of limed-up pipes and tank corrosion.
Check any dripping faucets, especially hot water faucets. A new washer will stop waste of water and electricity. A faucet dripping 90 drops a minute will waste 310 gallons of water a month.
Keep your
ELECTRIC
WATER HEATER
in use...
It means less work for you
Care for your water heater like a faithful old friend. Use it wisely and efficiently to guard your home in health and cleanliness. It stands ready any hour day or night for hot medicinal drinks or applications and to speed up soap action for washing, scrubbing or cleaning. It will save you time and work and money every time you use it. Should repairs be necessary, have them done at once.

BUY WAR BONDS FOR VICTORY

"They Give Their Lives—You Lend Your Money"
U. S. Treasury Department

The Summit Scene

By Frances Couillard

A bit of frost has been seen on the ground. Teh temperature of two degrees below freezing has been recorded and the summerites who climbed into the Sierra for the summer coolness have fled to the valley below at teh first nip of autumn. The evacuees are the Zellerbachs, the A. A. Jones, the Chickerings and others from the Cedars. Fewer and fewer lights are burning in the Kingvale cabins. The winter issue of mail order catologs are here and orders are going in for heavy clothing—so the natives are geting ready to "hole in". The wood salesmen are taking orders for fireplace material—shutters are being closed for a season and while a few spurts of warm weather are expected—an early fall is predicted. In talking over the summer's business with the taxern owners we find that the biggest summer business ever enjoyed was that of this season.

Dr. Augustine Jones, pastor of the First Congregational Church of Palo Alto has been a guest at Donner Lodge for the past two weeks. The doctor is a Sierra enthusiast—has hiked over the old emigrant trail, has ridden on horseback into the far reaches of the back country and enjoyed himself immensely.

The Hack Shack at Kingvale Park has been a very busy place this last few weeks with Connie Hobday entertaining a group of friends for a week's vacation, Mr. and Mrs. W. L. Hack taking over where Connie and her friends left off—and the cabin is now being occupied with Doris Hack Ballinger and family entertaining Mrs. Ruth Rose of Los Angeles.

Another construction job is going ahead on the Mountain with the rebuilding of snow sheds. The job is being put through with efficiency and dispatch by the Koller Construction Company. Mr. Carl Koller and Ed Martin—general foremen, are guests at Donner Summit Lodge.

The cocktail lounge at Donner Summit Lodge was graced with the presence of Judge Ollie Mapes of North Sacramento, Mr. Cain of the Chism Ice Cream Company of Reno. Major William Rutherford of Sacramento and Engineer Mack of the S.P. Company and many others during the last weekend.

Think another good season will be the deer season ahead—according to the reservations Fred Small it taking on his horses. With a great many of the sections below closed this year, as last year, it looks like the red-capped boys will be heading for the Sierra again. Anyone that thinks he might need a horse had better "get in".

CLAIR ENGLE

AID FOR MOUNTAIN COUNTIES

Engle pledges full support of a proposal in which the government would pay a tax to many northern California counties to compensate for the federal acquisition of land which withdraws the property from county tax rolls, thus creating an undue burden on taxpayers in the affected areas. District Attorney E. J. Regan of Trinity county, president of the Public Lands Counties association, who long has led a drive seeking government aid for the "mountain counties" has endorsed Engle as representative of the district on the basis of the senator's pledge to carry the in-lieu tax fight to congress.

Special Election, Aug 31

CYCLING COUPLE DRAW ATTENTION IN TAHOE AREA

TAHOE CITY, Aug. 26.— Creating considerable interest in Tahoe City last weekend were Mr. and Mrs. Godfrey Damon of Oakland, who have been vacationing at Soda Spring Some time ago the couple became interested in bicycling and the outcome of their joint interest in a tandem bike, self propelled, which carries just about everything from a toothbrush to the kitchen sink. The Damons are enjoying a few days of relaxation at the lake after a leisurely trip over the Donner Summit on Fridy, a trip which cost them their tent, it falling off along the line. They are equipped with fishing poles and all necessary camping equipment and are creating interesting comment all along the line of progress.

Their longest trip, they declared was four or five years ago when they pedalled from Oakland to Oregon and back a distance of more than 800 miles. They ride sometimes for six or seven hours without a stop and both declare they enjoy the fresh air and exercise immensely and find it a grand way to beat the old HCL!

Tahoe Briefs

Charlie Wilkie, former resident of the Timberland Tract, who has been working on a fruit ranch in the Loomis district, is vacationing for a week at Worden's Ward Creek Camp and enjoying contacting old friends during his leisure.

The young ladies manning the Tahoe telephone exchange for the summer are Carol Conrad, chief operator from Reno, Norma Brinkley and Yvonne Ekstrom also of Reno and Eunice Duffee of Lake Forest and Mary Steichen of Oakland.

Miss Barabar Stoddard has returned to classes at the Tahoe Lake school.

Members of the Tahoe City election board who will serve at community center at the special election August 31st are Mrs. Elizabeth Worden, Mrs Nora Hevel, Mrs. Ethel Vernon and Mrs. Eleanor Swanson.

Pomins Resort closed for the season two weeks early this year after a very satisfactory summer.

Dr. Jos. H. Milliken of Oakland is finishing out the season at Tahoe Tavern as resident physician, taking the place of Dr. Lundergaard who has returned to the city.

Visitors at their lakeside home in Tahoe Park are Major and Mrs. Charles Kendrick and members of their family from San Francisco.

TWO MEN BATTLE FLAMES ON PIER

TAHOE CITY, Aug. 26.— Two unsung heros who did their good deed for the day but let it remain unheralded are Sam Neff in charge of the railway express office at Tahoe and Bill Raver, Tahoe bus driver and agent. The two men on Thursday morning around 11 spied smoke pouring out from the end of the long Tavern pier, and in a short time were on the job with buckets, tied on ropes and dipped into the lake, which they used to prevent the fire from spreading in the warf's underpinning. Despite a brisk breeze they soon had it under control, one large timber being pried off and dropped into the lake. Had the fire gone unnoticed a few minutes longer, the entire pier may have been destroyed.

The fire was believed to have started by a buring cigarette dropped on the pier by a fisherman.

—V—

You can ank on it that the government won't ration either liquor or tobacco for the obvious reason that rationing is too ocstly and complicated a procedure to be used for anything but necessities. However, the liquor is scarce and toacco will be before long. There's enough tobacco for normal ocnsumption, ut Americans at home and abroad, are smoking more than they did in their lives.

Tahoe Kwikies

Guests of the Joseph Duffees on Wednesday from Reno were Mr. and Mrs. Freeman Burchett.

Guests of the Bo Harknesses or Tall Pines over the weekend were Stuart W. Vann, B. Lemery and Mrs. N. F. Trimble, the latter the wife of Sgt. Trimble of Camp Chaffee in Arkansas. The party motored up from Sacramento.

Members of the Tahoe Women's Club will meet on Thursday, Aug. 26 at 8 p.m. there being no meeting last week to to lack of notification of club members in time. Reports of the various campfire committees will be turned in and Miss Sunny Glazko of San Francisco, sister of Mrs. Mary Turnage, has promised to entertain with several vocal selections.

Mr. and Mrs. Gus Daldas and daughter of San Francisco are visiting at the home of Mrs. Rose Boiaredis in the Bittencourt Tract.

M. F. Lopes, storekeeper, second class in the coast guard, accompanied by his wife and Mr. and Mrs. C. Hardy are enjoying an extended visit at the M. A. Lopes home in Timberland Tract.

Vacationing briefly at their Bittencourt Tract home from the bay region are Mr. and Mrs. Martin Spitsen and little daughter. Also accompanying them is Miss Blanche Pierson of Oakland, daughter of Mr. and Mrs. Si Pierson, formerly of Tahoe who is a guest of the N. R. Mayfields for a week. Mrs. Pierson on Friday underwent a serious operation in Merritt Hospital and will remain in that institution for at least another week.

Mrs. A. C. Stoddard is again occupying the family home next to Wagner's Camp in Lake Forest. Her husband is engaged in a painting contract which takes him to all parts of the state. Visiting her in Mrs. E. Osgood of Burbank. Mrs. Stoddard her daughter, Mrs. Harevy Seickert of Tahoe Park camp grounds and Mrs. Osgood enjoyed Monday in Reno.

George Tiffee of the McClatchey Estate in the Sunnyside district has again returned to his home here after spending several eeks in the veterans' hospital in San Francisco. He is much improved in health and able to be up and around once more although not yet able to work.

On Wednesday evening, Mrs. Gerda Kvistberg of Tahoe Park entertained a gorup of friends at a chicken dinner, followed by cards. Those enjoying her hospitality were Mrs. Elsie Druhn, Mrs. Elsie Breuner, Dennis Gordon, Stella Watson and Mr. and Mrs. Chris Nielsen.

On Wednesday Mr. and Mrs. Ralph F. Walker of Unaliyi celebrated their wedding anniversary, receiving many lovely gifts and congratulations from friends.

NEWSPAPERS THANKED BY SENATOR MAYO FOR SPECIAL ELECTION AID

ANGELS CAMP, Aug. 26.— Climaxing a six-weeks campaign which has taken him into every section of the huge Second Congressianal District, Senator Jesse M. Mayo, candidate for Congress at the special election next Tuesday, today issued a statement thanking The Sierra Sun for publishgin the issues of his campaign.

"I feel," said Senator Mayo, 'the Sierra Sun has accomplished a splendid public service in making the issues plain to the people of the Truckee-Tahoe area. The gas shortage and tire rationing made it impossible to visit every community in the district, but the newspapers have done a fine job of informing voters in this huge district.

Senator Mayo's final statement cited his long record in the state legislature as assemblyman for the six years form ten ocunties of the 18 and his more than four years in the state senate representing Calaveras, Mariposa and Tolumne counties.

"I believe," Senator Mayo said, 'that my ten years record in the state legislature, as well as the experience gained in Washington, D.C., by numerous visits there on official state business in the last few years, qualifies me to represent the mountain counties in congress Through the press, I have made my position clear upon important issues facing the American people."

—V—

If a member of your family is a prisoner of war, you can get extra quantities of rationed foods for him by applying to your ration board.

—V—

If every family wasted only a single slice of bread a week, the total woud come to 100,000,000 loaves a year.

DATES WITH GOVERNMENT IN AUGUST AND SEPTEMBER

Sugar

War Ration Book One— Stamp No. 14 valid through October 31. Stamps 15 and 16 valid for 5 pounds of sugar for canning purposes through October 31.

Shoes

War Ration Book One— Stamp No. 18 valid through October 31.

Canned, Frozen and Dried Food

War Ration Book Two— Blue stamps R, S and T valid through September 20. Blue stamps U, V and W valid from September 1 through October 20.

Meats, Chees, Butter, Etc.

War Ration Book Two— Red stamp T, U, V and W valid on August 22; Y on August 29; Z on September 5. Stamps X, Y and Z expire October 2.

War Ration Book Three

Brown stamp A becomes valid on September 12; B on September 19; C on September 26. Brown stamps A and B expire October 2; C expires on October 30. Red stamps always expire on the Saturday nearest the end of the month.

Gasoline

Number 7 coupon in A book valid through September 21.

Destroy unused stamps and bring lower point values in months to come.

State Livestock Associations Endorse Record of Sen. Engle

The California Wool Growers Association and the California Cattlemen's association have formally endorsed the legislative record of State Senator Clair Engle, candidate for congress in the second congressional district.

A letter from the Wool Growers association signed by W. P. Wing, secretary, states:

"We found you were most fair in the last session of legislature; that you also showed a real understanding of the problems of business and agriculture and of the livestock industry including wool growing and lamb raising.

"In particular you assumed real leadership in reference to the importance of:

1. Securing adequate labor to plant and harvest California's essential crops needed in the war effort.
2. Solving the critical wartime livestock and meat problems. You vigorously opposed ceilings on live animals.
3. You backed Senator Hatfield's investigation of the livestock and meat situation.
4. Provided additional feed for livestock.
5. Obtaining appropriations for predatory animal control.
6. Getting the National Park service to permit grazing of livestock within areas under its control.
7. Securing appropriations for brush burning.
8. Coporeating with legislators so that through your united action the farmers and ranchers' problems received due consideratio

"Again our thanks for a good job well done."

CATTLEMEN ENDORSE SEN. ENGLE'S RECORD

Engle is endorsed by the California Cattlemen's association in the following letter signed by Loren Bamert, president and Dan C. McKinney, secretary of the organization.

"During the last session of the state legislature, you were extremely helpful in the passage of laws and of resolutions designed to serve the best interests of the livestock industry.

"The officers and members of the California Cattlemen's association are grateful to you for your intelligent understanding of their problems and for your conscientious and untiring efforts in their behalf.

"Further, as citizens and taxpayers of the state, we appreciate the value of your services to the state as a whole. Its future progress under the American brand of democratic government can best be assured by public officials who accept and discharge their responsibilities in the spirit that you have shown."

Elect . . .

JESSE M. MAYO

to Congress

Special Election

Tuesday, August 31, 1943

Mayo's Platform

FOREIGN POLICY: Abandonment of isolation and a concrete peace program based upon full cooperation with the United Nations in disarming the Axis. The United States to maintain an Army and Navy sufficient to forever protect this country and to stand ready to join with other United Nations in preventing future wars.

WAR EFFORT: Full support to the President as commander in chief of our Army and Navy in providing the best tools of war and food that America can produce for our armed forces.

DOMESTIC POLICY: Drastic reduction of the nation's army of three million bureaucrats and abandonment of OPA's price rollback and subsidy program in favor of allowing small business men and farmers a fair profit of their labors.

POSTWAR REHABILITATION: Senator Mayo is chairman of the Senate committee on postwar reconstruction and is working out a program with labor and management to provide jobs in private industry at standard wages for men and women returning from our armed forces. He also is working with local boards in providing a sound public works program to provide additional jos after the war. His work in this respect would prove valuable to this district in Washington.

LABOR: Complete support of labor's right to organize and bargain collectively. Congress should set up by law a compulsory arbitration board with power to eliminate all strikes and lockouts for the duration of the war. When Americans are fighting and dying all over the world, neither management nor labor have any right to interfer with victory.

PENSIONS: Author of the new $50 State pension. Was member of Governor Warren's committee sent to Washington in June to obtain Congressional approval allowing pensioners to work in agriculture without deductions.

CENTRAL VALLEY PROJECT: Original supporter of this project in the 1933 Legislature. The only candidate to urge public distribution of pow er from Shasta Dam.

JAPANESE: In Washington, D. C., last June, Senator Mayo made a vigorous protest to the War Relocation Authority against return of the Japs to the West Coast and has pledged himself to owrk for legislation requiring as part of the peace terms with Japan that all Japanese be returned to Japan at the close of the war.

FEDERAL LANDS: Senator Mayo was author of legislation at the 1943 session which gave the counties some control over taking lands off the local tax rolls and has pledged himself to support the McNary bill in Congress which would pay into the county treasury equivalent taxation for lands taken over by the Federal Government. This would reduce YOUR local taxes from 30 to 50 per cent

For six years, 1933 to 1939, Senator Mayo represented 10 of the 18 counties in this congressional district in the Assembly: Alpine, Amador, Calaveras, El Dorado, Placer, Nevada, Mariposa, Tuolumne, Mono and Inyo.

Since 1939, Senator Mayo has represented Calaveras, Mariposa and TTuolumne Counties in the State Senate. Elected to the Senate in 1938, he was reelected without opposition in 1942.

He is publisher of two Calaveras County newspapers; is married and has two sons, ages 13 and 15. Prior to ecoming publisher of the Calaveras newspapers, he served in the United States Navy.

Ten Years as Assemblyman-Senator

Everywhere in California the Bond-bardiers are on the march . . . buying more War Bonds than ever before . . . urging you, too, to join their ever-growing ranks.

War Bonds are not only the best investment you can make today—an investment which pays good interest—but they are essential to the very preservation of your way of life.

So do this: each payday set aside just what you need for the essentials of living for you and your family. Then, invest the *rest*—every cent of it—in War Bonds.

Be a Victory Bond-bardier. Buy War Bonds at any branch of this bank.

GREYHOUND AIDS IN RECRUITING FOR NAVY SEABEES

If you are a skilled American construction worker, you can help win the war now by joining the Navy's building-fighting Seabees. Thousands more such men are needed at once.

Such is the message carried in the current Greyhound advertisements appearing in more than 500 newspapers of California, Arizona, Oregon, Nevada, Utah, New Mexico and parts of Texas. This wide newspaper ocverage in the west was deicded upon due to the urgency of the situation and to the fact that, with the Axis reeling under repeated Allied blows, the time to strike is when the iron is hot. And the Seabees, it was pointed out, can deliver the "Sunday punch."

"Follow your trade in the navy," says Greyhound. "For men who itch to get into the thick of things, the Seabees offer action. They're a tough hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other navy equipment, back up the ocmbat line with tools and guns."

Red blooded men from 17 to 50 are eligible. Full information may be obtained at the nearest recruiting station. In this area it is at the Federal Building in Sacramento.

In devoting its advertising space to the Seabees, Greyhound is following its practice of serving the armed forces first. In addition to many war time activities, GGreyhound long has provided vital transportation for the Seabees, getting them to and from mainland jobs and embarkation points This essential war service is one of the reasons why the company now urges civilians: "Please don't travel unless absolutely necessary."

OPA LABELING IS ORDERED DROPPED

Grade labeling requirements which were written into a score of maximum price regulations to protect the buyer where ceiling prices depend on the quality grade of an article have been repealed, the Office of Price Administration announced today, in a summary of the action taken to conform to the mandate of Congress.

The Taft Amendment to the Commodity Credit Corporation Act, which beacme section 2 (j) of the Emergency Priec Conrol Act, as amended, prohibits OPA from requiring grade labeling.

Amendments to price regulations covering beef, veal, lamb and mutton vairety meats and sausage, butter, eggs, acnned fruits and xegetables are among those which have been changed.

In the acse of rayon hosiery where the retail ceiling is based on grade, the price must be shown but the requirement of grade marking has been eliminated.

—V—

If every civilian had saved a half ounce of butter per week last year, together we would have saved enough to feed our armed forces all year.

—V—

About 50,000 new washing machines are being put together from extra parts washer manufacturers had on had when production was stopped. They'll go to the families that need them most—farmers and people living in crowded war areas in particular.

House and Home

By MARY E. DAGUE
Author of Sister Mary's Kitchen.

August ushers in the big canning drive because we'll be harvesting our main crops from our gardens. Canning in the home kitchen presents a few hazards for the novice that the experienced canner controls from force of habit over a period of years.

No matter how hot the day, how hot the stove or how hot the utensils the home canner must keep cool. She must keep a cool head and remember and practice a few very simple safety tips.

Such a simple thing as a potholder, its size and thickness may be responsible for a burn. In canning, large potholders are a must. They must be made of finely woven non-heat-conducting material. They must be flexible enough to permit the canner to have a firm grasp and large enough for the worker to handle hot cans and other equipment without being burned.

When completing the seal on jars containing hot foods and liquids the hand should be protected with several thicknesses of toweling.

Be sure the wire baskets used in inserting and removing jars from boilers and pressure cookers are strong enough to bear their load and protect the worker. Flimsy baskets which might collapse when weighted down with filled cans are a very definite accident risk.

Covers of all canning containers filled with hot materials should be lifted so that the edge AWAY from the face rises first. This lets the steam escape without coming in contact with the worker.

Take care not to crowd the range when canning. Kettles containing hot foods or liquids should be kept well back from the edge of the stove. If left too near the edge they can be easily knocked or even jarred off, resulting in waste and possibly a burn.

Pressure cookers require special handling. The canner must be sure the gauge has stood at zero a few minutes before the petcock is opened. Then the petcock always must be opened to release any live steam before the cooker lid is removed.

The jars themselves must be handled to prevent misfortune. Never use jars for canning that were intended for the packing of cold foods—the glass isn't strong enough to withstand the necessary high temperature.

Keep jars in hot water until ready to fill them. Then wrap them, bottom and sides, in cloth wrung out of water as hot as you can bear your hands in it. This hot wet cloth keeps the air from striking the jar while you are putting the hot food in it and prevents breakage.

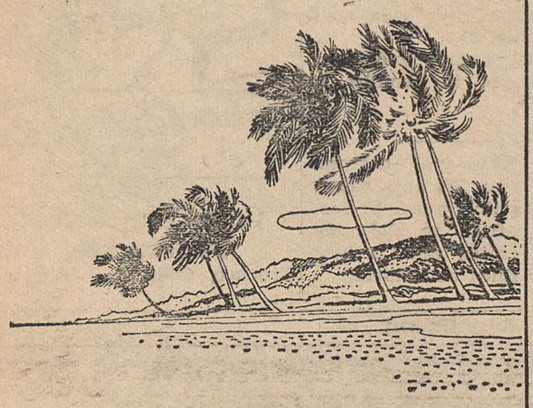
THE SIERRA SUN

IT PAYS TO ADVERTISE IN THE SUN

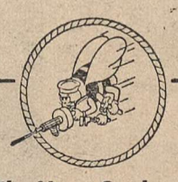
The Story of Island "X"



Island "X" is an important Pacific outpost—for Japs or Americans. The Navy and Marines move in. With them go the Seabees. Into the tropical jungle. Bulldozers flatten the hillocks. Skilled hands lay a man-made, steel mesh runway. Within ten days American fighters and bombers are taking off to smack the Japs. Another potential danger spot has become a military asset. That's the kind of job the Seabees are doing. That's the kind of job they want YOU to help them do.

Build and Fight with the

SEABEES



The Navy Seabees need

MECHANICS

ELECTRICIANS
SHOVEL OPERATORS
CRANE OPERATORS
PIPEFITTERS
STEEL WORKERS
PIPELAYERS
WHARF BUILDERS
WELDERS
RIGGERS
DIVERS
DRAFTSMEN
SURVEYORS
and other construction men

U.S. ARMY CORPS of ENGINEERS offers similar opportunities for construction men. For details ask at any Army Recruiting Station.

Follow your trade in the Navy. For men who itch to get in the thick of things, the Seabees offer ACTION. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other Navy equipment, back up the combat line with tools and guns.

Seabees are specialists, and get full credit for their knowledge. In addition to their base pay, ranging from $50 to $126 a month, they get all living and clothing expenses, plus family allowance, plus 20% of base pay for overseas service.

Here's adventure, action, satisfying war service for red-blooded Americans between 17 and 50 with an unusual appeal to mature men over 38 with a trade.

Ask for details of the new voluntary induction plan of enlistment for men between 18 and 38.

APPLY in person or write your Navy Recruiting Station: New Federal Building, Sacramento, Calif.

GREYHOUND provides vital transportation for the Seabees—gets them to and from mainland jobs and embarkation points, carries them on leave, and serves their training centers. For example, when Camp Parks, new Seabee center near Livermore, California, was opened, Greyhound immediately was called upon to provide the service it needed. This is only one of hundreds of military camps served exclusively or partially by Greyhound. This naturally diverts many buses from civilian service, and makes your patriotic cooperation more vital. So again we say: Please don't travel unless it is absolutely necessary.

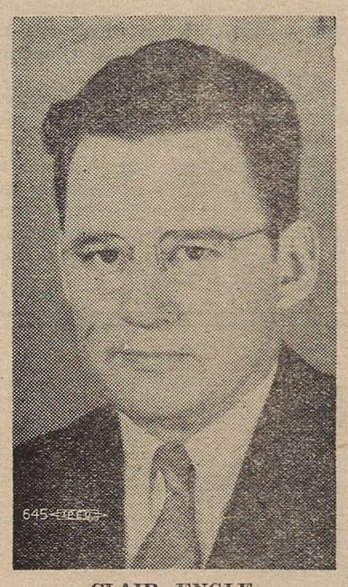
VOTE FOR



CLAIR ENGLE

Senator Clair Engle for Congress

ENGLE STATES POSITION ON FARM SUBSIDIES, LABOR

All the farmer needs is a fair price, adequate machinery, and a good letting alone. Engle has never advocated a subsidy for agriculture products. He favors price and wage stabilization to prevent inflation. The California State Grange has endorsed Engle's legislative record.

Engle recognizes and supports the right of labor to organize and bargain collectively but is strongly opposed to strikes in war industries and believes that any interference in the war effort should be strongly dealt with.

STOCKMEN ENDORSE SENATOR ENGL'S RECORD

The California Wool Growers association and the California Cattlemen's association, representing the bulk of the livestock producers, have endorsed Sen. Clair Engle's record in the state legislature.

W. P. Wing, secretary of the Wool Growers association in a letter to Engle said in part: "you showed a real understanding of the problems of business and agriculture and of the livestock industry, including wool growing and lamb raising."

Loren Bamert of Ione, president of the Cattlemen's association, praised Engle for his successful handling of legislation vital to the cattlemen throughout the state.

SPECIAL ELECTION, AUG 31.

LAKE TAHOE NEWS

(BY SWANEE) Telephone Tahoe City 66J

ANOTHER OUDOOR DINNER AT TAHOE IS BEING PLANNED

TAHOE CITY, Aug. 26.— Another interseting campfire supper is scheduled to take place on the rustic grounds of the Tahoe Lake school in town on the evening of Friday August 27. The entire community is invited to attend and enjoy the affair, which will be followed by an impromptu musical program.

Mrs. Myrtle Gallinger, primary teacher, is trying out a novel idea in inviting all Tahoe families interested to bring along their own suppers for their own group, which may be spread out on tables under the pines and cedars around the bonfire. A stove will be provided for those wishing to cook, or make hot drinks. Families may pool their dinners and eat together if desirable. All are requested to ring their own dishes and silver.

Following the repast a program of music and singing will be held. Also planned is a play, if learned on time to e given by the younger pupils, titled The Jester Saves the Day.

Jovial Chester Langenstien has been invited to attend and bring along his banjo annd numerous songs, which added zest to the Tahoe Womens Club party, and Slim Gordon of the Tahoe Campgrounds will be on hand with his harmonica. Others have promised to sing or recite and a good time is being looked forward to. Come and bring your friends.

—V—

NO ACTION CONTEMPLATED IN FATAL AUTO CRASH NEAR TAHOE TAVERN

TAHOE CITY, Aug. 26.—According to Constable Harry Johanson no criminal action will be taken against Charles Hamilton Raven, Jr., of Sacramento, whose car on August 12 crashed into that of Guido Baldocchi of Antioch and Tahoe while the latter was working on a stalled motor near Tahoe Tavern. Reason for the decision, Johanson said, is the fact that the Baldocchi car was allegedly parked directly on the highway traffic lane, and not off the pavement as required.

At the point where the acicdent occurred near the Tavern stables, a ditch, perhaps a foot deep, for drainage, prevented the parking of the car completely off the highway, although it was on the proper side of the road. Even though the Raven car was on the wrong side of the road, it was contended, this does not constitute grounds for criminal action. It is understood, however, a civil suit will will be filed.

What You Buy With
WAR BONDS

No More Brass

On land or at sea our fighting men do their many chores by the sound of a bugle. All sorts of uncomplimentary epithets are used to designate the bugler, but nobody has yet been able to provide a satisfactory substitute for a bugle although recordings are used at some permanent bases.

Aboard ship the men fall in at the order of "Pipe muster." On land the bugler sounds "Assembly!" But no matter where the bugle is used thousands must be bought out of the money we are investing in War Bonds. **Back the attack with an extra $100 Bond in the 3rd War Loan.**

U. S. Treasury Department

TAHOE LETTER

* * * *

To the Service Men
From SWANEE

Tahoe City, Aug. 22

Dear Tahoeites:

Balmy weather still prevails at Tahoe, with another grand weekend just ending. Traffic appears to be lessening somewhat, although large groups of soldiers visited the lake region over Sunday, many seen strolling hand in hand down shady roads and forest pathways with their feminine companions. Nights and mornings continue cold, and some of the less hardy vegetables such as cucumbers in bloom, have been frosted and killed Flowers are blooming in garden beds, but plants seem stunted as compared with their growth during other and warmer summers. The usual profuse and colorful fields of wildflowers have almost disappeared from our district, and wild berries will have to hurry to ripen before winter's advent. The weather man has been actually niggardly with his summer temperatures at Tahoe this season to date.

During the first part of last week it was our good fortune and pleasure to entertain Commander and Mrs. George Mawdsley of San Francisco, former Tahoe residents who were the guests at Captain Munfrey's Homewood summer home, Snug Harbor, during their stay. On Wednesday we planned a surprise birthday dinner party out of doors at Unaliyi for Mrs. Mawdsley, whose natal day fell on Friday. Dinner was preceded by a swimming party. Gifts and a beautiful birthday cake, the creation of Mrs. Eric Druhn rounded out the celeration. Those attending included Mrs. Elsie Breuner, the Charles Swansons and son Jimmie, Mrs. Druhn and the honorees.

Earlier in the week the commander and his wife were guests of Mr. and Mrs. George Phillips of Sandy Beach on the north end of the lake. Mr. Phillips was mail clerk on the train for many years before his retirement. Another old friend they visited while here was Sam Neff, former purser on the steamship, Tahoe and now in charge of the Railway Express office at the Tavern. On Thursday night Captain and Mrs. Charles Marshall of Snug Harbor entertained the Mawdsleys at dinner. They left on Friday morning to spend several days at their ranch prdoperty at Westpoint.

On Saturday ran into Harry Henrikson, long time resident of the Lake Forest district, who has been working as blacksmith in Kaiser's Yard No. 1 at Richmond for many months. His wife Gerda, by profession a trained nurse, has also been working as a lacksmith's helper for some time. Their sons are both in the serviec, Charles, a staff sergeant is stationed at Santa Barbara at the preent time, and has acquired his pilot's license. HeH completed an engineering course previously in New York. He accompanied his parents to Tahoe over the weekend, the trio enjoying immensely a fishing trip to Velma Lakes where a pleasing degree of success rewarded them for their efforts. Oliver, a pfc, has seen an extensive amount of these good old United States since entering the service, his interests beIng in radio. Now training at an Illinois camp, he has been stationed in the past at Santa Ana, Fresno, Florida and Colorado. Their many friends at Tahoe send them best wishes for continued success.

Mr. nd Mrs. Joseph Duffee and daughter, Eunice of Lake Forest, recently made a trip to the baye area where Miss Duffee bid farewell to an old friend, Warrant Officer H G. Gawel, a former Tahoe resident, stationed with an army unit in the San Francisco district. On their way back to Tahoe they stopped off in Sacramento to visit Mrs. Duffee's sister, Mrs. Eleanor Bishop and they found found her only son, Cadet Elvin Bishop, now in primary training at Pine Bluff, Arkansas, home on leave. He hopes soon to acquire the status of a full-fledged pilot. His wife, Macrose, is doing her bit during his absence by serving as a secretary at McClelland Field near Sacramento. Incidentally, the Duffees were just in time to help celebrate Grandmother E. B. Duffee's 79th birthday. She is the mother of Mrs. Matt Green, Joseph and Raymond Duffee.

Arthur M. Knox of Pasadena is a guest at Tahoe Inn for a week. He is a brother in law of Mrs. Carl Bechdolt, Sr., and his son, Petty Officer, Edwin Knox, was stationed on the ill-fated Lexington. With others he escaped death and is now on active duty in the Pacific.

Another good deed can be checked up against the name of Daev Chambers who last week proudly displayed a beautiful bowie knife which he had made to order by a Woodland craftsman. It is fashioned of hand hammered steel and gold initials adorn the heavy leather scabbard—the initials of Billie Bechdolt—now in training with the mountain troopers at Camp Hale. Dave early this summer had a similar knife made for Bill, but it ws stolen from him before it was presented. Although young Bechdolt has not yet acknowledged receipt of his new weapon, we feel sure he will enter prospective battles with a greater feeling or security. Bill is hoping for a furlough in the near future, having been in the service four months, but should it not be forthcoming his dad and mother are planning on making the trip back to camp to visit him.

We have at hand this morning a four-verse poem tittled "To Tahoe" by Pvt. R. C. Brown of the army air corps in Reno, but I fear conservation of paper and space will make its publication in the Sierra Sun impossible at this time. Private Brown, like many others ebfore him could not resist putting into rhyme his impressions of the irresistible beauty of this Tahoe ergion upon his first visit here. We regret our inability to find a place for it.

Another Tahoe boy who enjoyed a three-day visit to the lake last week was Lee Stoddard, son of Mr. and Mrs. A. C. Stoddard of Lake Forest. Lee has been transferred to Hawthorne, Nevada, after having trained for six weeks in Washington, D.C. What we wonder is — what a navy man is doing on the desert! Could he be stationed on one of those "ships of the desert" we hear so much about?

Must leave you for another week but not without on answer to my former colleague's tag-lines in last week's "My Place in the Sun". Could Corporal Doug Barrett's puzzlement conceal hidden motives?— Now he has ME puzzled—Should I not have hoped for only a LITTLE tan because of too much SUN—or too much ME? Hmmmmm, young man—now I wonder—!

Latest war news continues better and better for us homefronters, and we trust it will serve also to give you boys a lift in spirits. Keep your chins up and your eyes on the sun—and I do mean the RISING SUN! Let's hope the day will soon come to pass when you boys will have made those words again a thing of beauty —instead of a symbol of shame and perfidy! Our lessings to you one and all. Yours for peace and victory in 1943— As ever,

SWANEE.

BOY NABBED HERE CONFESSES ROBBERY

Howard Williams, one of the three 17 year old boys arrested here for burglarizing a house trailer parked near Boca, has confessed, Sheriff C. J. Tobiassen says that his true name is William Maypole and that he escaped from custody of peace officers in Santa Rosa, after a charge of burglary shortly before the local robbery.

Fred Fahrner and Elbert Thornton, Maypole's companions, will be arraigned Monday in the juvenile court at Nevada City where they are being held.

The three boys were arrested by State Patrolman Earl Crane after they attempted to board a bus following the looting of the trailer in which more than $160 was stolen but recovered.

Vernon Stoll has been named by the court to represent the two boys at the arraignment.

Looking After Property—
Mr. and Mrs. Carl Smith of San Francisc arrived here last week to look after their Donner Lake property. Mrs. Louise Tolles, sister of Mrs. Smith, who has visited here many times, is holding an essential position in Brazil and expects she will go to other parts of the world before the war ends.

Repairing House—
Mr. and Mrs. T. L. Sapunor of Sacramento were here this week repairing their local houses.

Leaves Homewood—
Dr. G. B. Fuessel of Homewood returned to his Altadena residence last week after spending the summer at the lake.

Loses Nephew—
A. Bianchi of Winters and watch repairer here for many years, came up this week to visit with Truckee friends. His nephew, John Bianchi of San Francisco, merchant marine engineer, was reported killed in action during July.

Here from Berkeley—
Mr. and Mrs. Phil Geier of Tahoe and Berkeley were here over the weekend and had as their guests Ethel Bayer, J. D. Sarber and the latter's son John all of Berkeley.

Visit Friends—
Mr. and Mrs. George Schweis and daughter Nancy of Reno were guests of the Walter Barrett family Monday evening.

LEGAL NOTICES

NOTICE

SOUTHERN PACIFIC COMPANY hereby gives notice that on the 11th day of August, 1943, it filed with the Interstate Commerce Commission at Washington, D. C., an application for a certificate of public convenience and necessity permitting abandonment of that portion of the so-called Lake Tahoe branch extending from Milepost 208.434, at or near Truckee, to the end of the line at Milepost 222.655, at or near Lake Tahoe, a distance of approximately 14.221 miles, all in Nevada and Placer Counties, California.
Finance Docket No. 14310.
